

This map illustrates the distribution of the Muisca population within the Cauca Department of Colombia. The geographical context is provided by a topographic map showing elevation and the Cauca River system. Municipal boundaries are clearly marked, and various towns are identified. The Muisca population is concentrated in specific areas, highlighted in red, which correspond to the territories of San Marcos, Achi, and Nechi. These areas are situated in the central and southern parts of the department, primarily along the Cauca River and its tributaries. The map also shows other municipalities such as Magangué, Sucre, Majagual, Ayapel, and Nechí, providing a comprehensive view of the region's administrative and demographic structure.
