

SUELOS DE PROTECCIÓN CAR

This map illustrates the distribution of protected soils (SUELOS DE PROTECCIÓN CAR) across the Cauca region in Colombia. The map is color-coded to show different levels of protection: blue for high protection, orange for medium protection, and green for low protection. The map includes labels for various municipalities such as Magangue, San Benito Abad, Caimito, Sucre, Majagual, Guaranda, San Jacinto del Cauca, Nechi, Ayapel, San Marcos, and Achi. Major rivers like the Rio Cauca and Rio Magdalena are also shown. A scale bar at the bottom right indicates distances from 0 to 40 km.
